WAHIAWA DAM IMPRESSES VISITOR

Oscar Stephens, the Montana cattle king who, with Mrs. Stephens, has been a guest at the Hawaiian Hotel for several weeks, returned yesterday from Lilehua Ranch where he spent a couple of days with Manager Dowsett. Mr. Stephens was much impressed with the richness of the country and the great extent of the pineapple plantations there, and especially with the uniform growth of the plants.

"That big Wahiawa dam is going to be one of the great engineering features of this island," said Mr. Stephens last evening. "The dam itself is a great piece of work and should withstand the greatest pressure. As the lake formed by the dam will be several miles in extent I look to see the country round about greatly improved merely through evaporation. That lake will be of vast importance to the agricultural development of that region."
